Diving Deep

During the 3 days of the retreat, you will spend 23 hours with Neale and have an opportunity to work closely with him as he gives you guidance and teaches you how to apply the messages of ***Conversations with God*** in every moment of your daily life.

While at the retreat, Neale will take you on a deep dive into all of the core messages of his ***Conversations with God*** series of books and show you how to apply them practically in your everyday life.

In this wonderfully connective and supportive group environment, you'll have ample opportunity to interact directly with Neale and be able to share your personal story, and then, with his guidance, imagine and begin to move passionately toward your next grand adventure on the journey of your life.

These personal interactions with Neale will form the core of your experience during this powerful his uniquely wonderful retreat.

Because Neale prefers to work with manageable groups at his retreats, typically 100 people or less, spaces are limited and expected to go fast.
